# winter's Snowy flight

Striking cardinals sit perched on top of Santa's out-stretched hand and add a pop of red to the winter whites and greys of this palette. Snow covered boughs, frost covered glass, glittered white branches, intricate cut-outs and pierced details add softness and depth.

# birch winter Woods

Create a cozy corner with a simple palette of birch, black and grey. Sweater patterns provide a cozy backdrop layering home decor items featuring elements of natural birch and bark. Add weathered wood, banners and chalkboard elements with a new look to add warmth and dramatic contrast.
